

KARI REMSU

FULL STACK ENGINEER

Profile

Software engineer with 6 + years of experience coding websites that convert in e-commerce and proven ability to adapt in both self-starting and collaborative environments while staying focused on achieving high-quality results under strict deadlines. Improved the average time on page by 40% and improved user experience scores for all projects. I would like to work with you for a challenging position where I can extend my learning and build my developer skills.
